---

Thanks, Mark.

Should I put your name or Bryant's name on the DWOs (ie, whomever will be at the site)?

John

Good morning, Mark.

After speaking with Gary about the project start-up this morning, I think it would be better for me to do the Daily Work Orders, since Gary Smith could not do these until at the very end of a long day. So, I plan on doing them and sending them to Gary for his signature, after which they'll be sent to you. I won't bill any time for this.

Since the daily activities will be pretty much the same, I would like to request 1 DWO/week rather than generating them every day. Is that ok with you?

Thank you.
